

We have filled the Women's Ministry Team Coordinator position with Katie Daniels. Brad Mouser and Jane Mason, directors of fellowship, will also be the coordinators of church activities. We have Mike Jarosz as Security Team coordinator.

In August we held a fairly successful Ministry Fair, complete with face painting, popcorn and balloon artistry. The fair was busy and even though we did not have many sign-ups, it made members aware of the different positions and committees available for one to become involved.

We are working on a church ministry data base. This will help us plug into the spiritual gifts of members and enable us to help plug people into the ministry they would be most effective in. A list of volunteers – ministers in service for Jesus -- is posted to the Broadman website. The file is updated often as team members join or change teams or when snapshots are added.

As the church grows we are becoming so much busier, so get involved, we need you! In 2010 we will need to find the right person to lead the ministries of Broadman.
