

OUTREACH 2009 ANNUAL REPORT

So many of you are on the team and do not even know it. If you have invited anyone to church, B. A. N. D. Sunday, VBS or other activity here at Broadman or an activity that has been planned to share His word you are on the TEAM.

Many of you have reached out to friends and family and shared the good news about Broadman and keep asking people to come and hear our Pastor. Everyone here reaches out and makes them feel so welcome; we all have and do make a difference by praying, singing and praising Him.

I am excited about several things we have done before but also each year as it comes up we try to do it bigger and better. In March we will again have the EXPO at the Natatorium. Sharing about our church and inviting people to come and worship with us. Thanks for all those cookies our ladies bake, it is a big success every year to know that all I have to do is call on the cooking ladies, and then we get to pass them out for free. As well as pop corn and of course those famous meatballs, and believe it or not these were even donated by one of our church members this year. Thanks, Thanks, Thanks

Stow 4th of July Parade- opportunity to share His words by passing out Candy and Flyers about our VBS. Once again you're on the team if you can buy candy, to be passed out, walk in the parade or just come watch the parade and support this event.

VBS- this year we had a blast and if you were not part there is always the coming year. We had a great learning time, lots of fun and activities and of course lots of great music and food. Friday night family night was all over the front lawn. This next year is going to be a Western theme so get those boots on and country shirts and come on down for another great week, you won't want to miss this one, and what a way to reach more for His kingdom that is the reason why we do any and all of these activities. To tell others about our Lord and reach out to bring them in to His fold.

Fall Hikes, is another one of my favorites, Every Sunday starting in Sept. for 8 weeks we meet at different parks meeting at 3 PM, starting with prayer and then just taking our time, (some of us) others walk pretty fast. All having a good time enjoying His trails and the beauty He has supplied for us. Another good time just to get to know others better and we always have some new ones each year to get to know better as we walk and share good time and talk with the Pastor and his family. Thank you for your support on any of these events!

Upgrades for the Broadman website were made to help make it a more effective outreach and educational tool. Ask your friends and neighbors to *explore* broadmanchurch.org.

Matthew 22:9 *Therefore go into the highway and as many as you find, invite them...*

Reaching out with you for Him

Alberta Balsinger
Outreach Director
